Subject: I support the feasibility study

Mayor Mahan and honorable members of the Santa Clara City Council,
As a faithful fan of the San Francisco 49ers, I strongly support your efforts to study the feasibility of a new stadium in Santa Clara. In Santa Clara, it all adds up:
The stadium would be located in the heart of the city's entertainment district, close to many highways, public transit options and family entertainment destinations.
A new stadium would provide a significant boost to the local economy.
The proposed financing plan puts the burden of cost overruns and operations shortfalls on the 49ers, not the city of Santa Clara.
I urge you to move forward with the feasibility study and help keep the team in the Bay Area, where they belong.
Respectfully,
Stephen Martin

Subject: I support the feasibility study

Mayor Mahan and honorable members of the Santa Clara City Council,
As a faithful fan of the San Francisco 49ers, I strongly support your efforts to study the feasibility of a new stadium in Santa Clara. In Santa Clara, it all adds up:
The stadium would be located in the heart of the city's entertainment district, close to many highways, public transit options and family entertainment destinations.
A new stadium would provide a significant boost to the local economy.
The proposed financing plan puts the burden of cost overruns and operations shortfalls on the 49ers, not the city of Santa Clara.
I urge you to move forward with the feasibility study and help keep the team in the Bay Area, where they belong.
Respectfully,
Mark W. Smith

Mayor Mahan and honorable members of the Santa Clara City Council,

I strongly support your efforts to study the feasibility of a new stadium in Santa Clara. In Santa Clara, it all adds up:

- The stadium would be located in the heart of the city's entertainment district, close to many highways, public transit options and family entertainment destinations.
- A new stadium would provide a significant boost to the local economy.
- The proposed financing plan puts the burden of cost overruns and operations shortfalls on the 49ers, not the city of Santa Clara.

I urge you to move forward with the feasibility study and help keep the team in the Bay Area, where they belong.

Respectfully,

Robert Kod

City of Santa Clara

Mayor and Council Members,

I am a Santa Clara resident and I have been reading articles, attending coffees and reading on-line mail that I have been receiving. I attended the Santa Clara Plays Fair Meeting at the library last Monday. They broke down some myths e.g. a new stadium will create a lot of new jobs, the stadium would make a lot of money for the city and would generate a lot of economic activity. I don't want to subsidize a million dollar plus stadium. I fear that the council is in favor of this stadium. You are dealing with very intelligent, fast talking businessmen from the big city. Please beware and question their ethics. Santa Clara is a wonderful city and I am very happy to be living here. It has retained a small town atmosphere and I have always found our city government to be willing to listen and very open to suggestions. Please reconsider and then allow us to vote on this matter. Thank you. Sandra L. Miguelgorry

Mayor and Council Members
Santa Clara City Staff
City of Santa Clara, California
Proposal

49er's Stadium

To Those of You Whom it Concerns,

It's becoming acutely clear that you, the Santa Clara City Council and those responsible Staff, are misleading the residents by getting the cart before the horse.

So far, huge sums of public money and yet more will have been spent erroneously.

Of course there is still the strong possibility that the 49er's may alter their direction for some reason and stay in San Francisco which means all of Santa Clara's efforts and money are lost.

It is obvious that the whole process was bungled from the get-go, since signed agreements of intent between the three parties never existed. It is hard to imagine those concerned; the City of Santa Clara, the 49er's or Cedar Fair, would seriously consider undertaking such a costly venture without clearly understanding what the other two desired before spending any money.

Additionally, if the proposal is so costly and enormous as you the City Council and Staff suggest, and assuming you want to avoid anymore political backlash, there definitely is a requirement of public discussion and approval before entering into any kind of long term agreement.

Other than an outright declination of the initial stadium proposal by the

council, which is hard to imagine or considering one of many proffered alternatives, the issue of whether the city residents even want a stadium still exists. A **public vote** on the matter is slowly getting lost in the fog of imaginary dreams and supportive documentation someplace.

Will Santa Clara **vote** to determine whether the stadium should ever be built ?

When ?

Carol McCarthy - Fwd: No please to San Francisco 49ers stadium proposal

From: Kim Fettahlioglu
To: Carol McCarthy
Date: 10/23/2007 3:23 PM
Subject: Fwd: No please to San Francisco 49ers stadium proposal
Attachments: No please to San Francisco 49ers stadium proposal

Dear Mayor Mahan and Council Members,

We have been living in the area near the proposed stadium site for the past 6 years.

However, I cannot see the benefit of having a stadium near our residential area because facts have always shown that property value will decrease in areas near any stadium, not to mention the noise pollution, environmental pollution, and excess wear and tear on our local roads, not to mention the decrease in the quality of life in our neighborhood. We certainly do not welcome the sound of construction going on for the next few years as well.

Sincerely,

Anna.O
